Welcome to Y4's Classroom News!

Hello children and families! We have a jam packed last term coming up, make sure that you are checking our class dojo page regularly so that you don't miss any important updates or pictures!

As the weather gets warmer, don't forget your sunhats and water bottles!

Our PE days are Monday and Tuesday, do not forget your indoor and outdoor kits!

Topic

In topic this term, we are going to be Geographers! We are going to be looking at what it is like in the USA! We will look at the physical and human features across the USA as well as looking more in depth at New York and California!

Times Tables Check

We have quickly reached that time of the year where it is our times tables check. We will start week commencing 9th June. This is nothing to be worried about, the children have been working extremely hard all year and are ready for this. In preparation for this you can support your child by reminding them to continue to practice on timestables.co.uk.

Spanish

This term we will be looking at how to describe and ask for items in the classroom. We will also learn a very catchy song....so get your singing voices ready!

English Writing

This term we are going to be writing a set of instructions 'How to make a torch.' The children will use their knowledge from Science and DT to create an effective set of instructions.

Science

In Science this term, we will be looking at electricity. There are lots of investigations planned where we will find out how electricity flows through a circuit, as well as what items we can use as insulators and conductors.

DT

In DT this term we will be looking at electronic torches, where we will be building our own. If you can start saving small plastic bottles, foil and toilet rolls, it will help us to create these.
