Summer Term 1 2025 » admin@smcps.co.uk

Welcome back Year 6! I hope you had a lovely half term break 😊

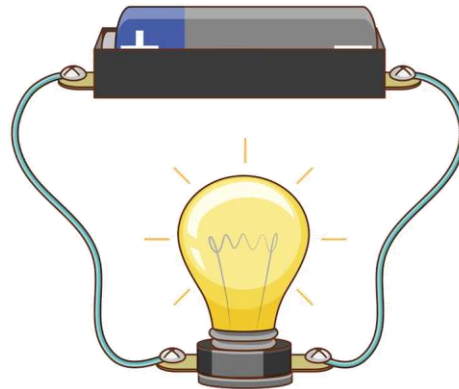

Our topic this term:

Our geography topic this term is **Global Challenges**
We will explore the enquiry question 'What is Climate Change?'
We will look at climates, vegetation, farming, weather and fossil fuels.

Our Science topic this term:

This term we are studying **electricity!** We will look at how electricity is generated and create simple and series circuits.

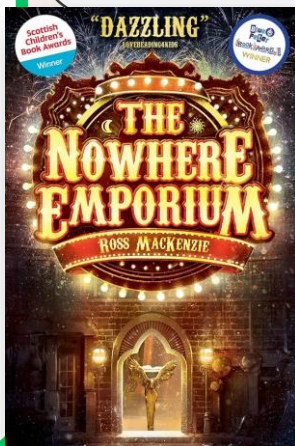

This term is a big one — it's SATS time! Assessment Week begins on **Monday 12th May**, and we're so proud of how hard everyone has worked all year. We know you're all going to be amazing!

SATS boosters will continue every Thursday after school from 3–4pm, and it's really important to attend these sessions this term.

Our class story:

This term we will read one of my favourite books – *The Nowhere Emporium* by Ross Mackenzie! 😊 We will study this in reading and use it to inspire our writing!

PE – This term, PE will be every Thursday afternoon! Please bring your full PE kit to school and remember your water bottle and sun cream if you need it in the warmer weather!
